FCC of Public Affairs,

I'm am writing this letter to state that I DO NOT AGREE with the **RE** Satellite Homeviewers Act.

I currently cannot receive ANY of the major networks even with an antennae.  
Therefore, my only access to any of the networks is through my satellite service.  
When something major happens, for example the retaliation attacks on Afghanistan,  
I usually hear about it 2 or 3 days later. It's rediculous.

Thank you for your attention to this matter.

Sincerely,

*Tammy R. Duke*

To Whom It May Concern:

I am writing this letter to voice my opinion as a satellite dish owner who lives in a rural community.

I would like support the NRTC petition and would like Congress to take steps to end the requirements that are now causing consternation to rural viewers.

Sincerely,

*Kim A. May*
